

PRODUCT CATALOGUE

PYCHEM

the construction chemist...

COMPANY PROFILE

PyChem's core focus is research, design, manufacturing and distribution of construction chemicals.

We take pride in delivering high quality products relevant to specific climatic conditions, firmly keeping in mind cost-designs and maintain code of practices in accordance with international standards.

PyChem has been operating in this domain for over a decade and have become an essential go to partner within the construction eco system with a wide footprint across EMEA & APAC.

MISSION

PYCHEM is committed to the market by offering superior quality products and services delivery practices, with a strong focus on long term client relationships.

VISION

To continue being a pioneer and globally recognized in manufacturing sustainable construction chemicals.

Technical Collaboration with

The Waterproofing Range

MIXGUARD AC

Two Component Cementitious Polymer Modified Waterproofing Coating

MIXGUARD AC SUPER

Two Component Cementitious High Elongation Polymer Modified Waterproofing Coating

MIXGUARD CWC

One Component Polymer Modified Cementitious Waterproofing Coating

MIXGUARD CW

One Component Crystalline Waterproofing Coating for Negative Side

HYSEAL

One Component Concentrated Crystalline Waterproofing Admixture

MIXPLUG

One Component Cementitious Plugging Mortar

MIXTEX SUPER

One Component Water Based High Elongation Waterproof/ Heat Reflective Top Coating

MIXTEX UT

One Component SBR based Under Tile Waterproof Coating

Technical Collaboration with

The Waterproofing Range

MIXURETHANE

One Component Water Based Hybrid Polyurethane Waterproof Coating

MIXURETHANE 100C

One Component Aliphatic Polyurethane Waterproof Coating

MIXURETHANE 100T

One Component Thixotropic Polyurethane Waterproof Coating

MIXGUARD WB35

One Component Water Based Bitumen Coating

MIXGUARD RBE

One Component Water Based Rubberized Waterproof Coating

MIXGUARD RBE SUPER

One Component Water Based High Elongation Rubberized Waterproof Coating

MIXGUARD R1k(BLACK)

One Component Rubberized Bitumen Planter Box Waterproof Coating

Structural Repair

MIXBUILD FC

Single Component Polymer Modified Fairing Mortar (0-3mm)

MIXBUILD HB

Single Component Shrinkage Compensated High Build Structural Repair Mortar (3-40mm) (>40Mpa)

MIXBUILD HS

Single Component Shrinkage Compensated High Build Fiber Reinforced Structural Repair Mortar (3-40mm) (>70MPa)

MIXBUILD MC

Single Component Shrinkage Compensated High Strength Micro Concrete (50-200mm)

MIXBUILD NF

Two Component General Purpose High Strength Epoxy Patch Repair

MIXBUILD ZR

Two Component Zinc Rich Epoxy primer for Anti Corrosion

MIXGUARD RP

Single Component Anti Corrosion Coating for Corroded Steel

MIXBUILD RP

Single Component High Strength Shrinkage Compensated Pile Reprofilling Mortar

MIXBUILD FSG

Two Component Resin Based Repair Mortar for GRC

Bonding Agent & Primers

MIXBOND PVA

Single Component PVA Based Bonding Agent

MIXBOND AC

Single Component Acrylic Based Bonding Agent

MIXBOND SBR

Single Component SBR Based Bonding Agent

MIXBOND EBA

Two Component Multi-Purpose Epoxy Bonding Agent

MIXCURE GRL

Single Component Acrylic Co-Polymer Bonding and Wetting Agent

MIXPRIME AC

Single Component Water Based Acrylic Primer

MIXPRIME AC 100

Single Component Water Based Pure Acrylic Primer

MIXPRIME MP

Single Component Acrylic Metallic Primer for Non-Porous Substrate

Technical Collaboration with

Bonding Agent & Primers

MIXPRIME ACS

Single Component Solvent Fast Cure Acrylic Primer

MIXPRIME EP

Two Component Epoxy Primer

MIXPRIME WBE

Two Component Water Based Epoxy Primer
(Negative side Waterproofing)

MIXPRIME SB

Single Component Solvent Based Bitumen Primer

Adhesives & Grouts

MIXTILE MTA

Single Component Cementitious Polymer Modified
Waterproof Tile Adhesive for Floor and Walls

MIXTILE MTA HS

Single Component High Strength Polymer Modified
Waterproof Tile Adhesive for Floor and Wall

MIXTILE MTA LATEX

Two Component Latex Modified Waterproof
Tile Adhesive for Submerged Walls and Floors.

Adhesives & Grouts

MIXTILE LATEX

Single Component Polymer Additive for Tile Adhesive

MIXTILE RM

Single Component Ready to use Tile Adhesive

MIXTILE E

Two Component Epoxy Tile Adhesive

MIXGROUT MG

Single Component Un-sanded Cementitious Tile Grout

MIXGROUT MG HD

Single Component Sanded Cementitious Tile Grout for Wider Joint

MIXGROUT LM

Two Component Cementitious Latex Modified Tile Grout for Submerged Area

MIXGROUT EG

Two Component Epoxy Water Cleanable Tile Grout for Hygiene Areas

MIXGROUT NS

Single Component Cementitious Non Shrink Grout

MIXSET AG

Two Component Polyester Resin Based Anchoring Grout

Sealants and Joint Filler

MIXFLEX PU

Single Component Polyurethane Joint Sealant

MIXFLEX PS205

Two Component Polysulphide Joint Sealant

MIXSEAL MASTIC ACR

Single Component Acrylic Joint Sealant

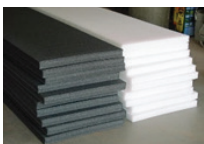

MIXSEAL BTN

Single Component Bitumen Joint Sealant

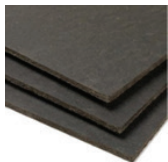

MIXCELL R

Closed Cell Backer Rod

MIXCELL S

Closed Cell Expanded Polyethylene Sheet for Construction Joint

MIXCELL FBR

Bitumen Impregnated Flexible Fiber Board For Construction Joint

Flooring & Surface Coating

MIXCOAT SF

Two Component Solvent Free Epoxy Coating

MIXCOAT S70

Two Component Solvent Epoxy Coating

MIXSCREED SL

Two Component Epoxy Self Leveling Compound

MIXCOAT TPM

Single Component Acrylic Resin Based Coating for Cycle Track, Footpaths and Urban Features

MIXTOP DSM

Single Component Dry Shake Metallic Floor Hardener

MIXTOP FH

Single Component Silicone Based Liquid Floor Hardener

MIXCOAT AC400

Single Component Anti Carbonation Coating

MIXRELEASE MRA

Solvent Based Mould Release Agent

MIXRELEASE WB

Water Based Mould Release Agent

MIXCURE AC

Acrylic Water Based Curing Agent for Concrete

MIXCURE WB

Wax Based Curing Agent for Concrete

Admixture

MIXFLOW PR

Ligno based plasticizer for Concrete

MIXFLOW SP

High Performance Super Plasticizer Admixtures

MIXFLOW PC

Polycarboxylated Super Plasticizer Admixtures

MIXFLOW AE

Air Entraining Concrete and Mortar Admixture

MIXFLOW G8

Calcium Chloride Based Water reducing /Accelerating Plasticizer

MIXPLUS

Liquid Mortar Plasticizer/Admixture for Cementitious mortars/renders

MIXFLOW WP

Integral Waterproofing Liquid Admixture

MIXFLOW ME1

Melamine Based Plasticizer

MIXFOAM

Light Weight Foam Concrete Admixture

ADFIBRE III

3D Reinforcement Polypropylene Fibre for Concrete
